

ACTION FOCUS CAMPAIGN

TAKING MEDICINES

In the coming period we will pay special attention to TAKING MEDICINES.

What is it, what are the hazards of using it and what kind of protection do we use are just some of the things that we will focus on. We will also inspect our facilities and working process, enabling us to further improve the way we work. Additional information about this Action Focus Campaign can be received from your HSEQ Manager / Supervisor.

Good luck with **increasing awareness**,
removing hazards and creating a **safer**
and **healthier** workplace!
