

DUST, SMOKE AND FUMES FROM HEAVY METALS

ACTION FOCUS CAMPAIGN

IMPORTANT INFORMATION

- 1** Measure, or determine by sampling and analysis, whether **heavy metals are present** in the surface to be machined. Should their presence be detected, **define the health risk level** and implement **appropriate preventative procedures**.
- 2** Choose **working methods** that avoid or minimize exposure.
- 3** Always use **the prescribed PPE** in the correct way and avoid spreading exposure by **cordoning off the area**. Ask your company about this.
- 4** Ensure **good personal hygiene** and **clean the workplace properly**.
- 5** In the event of **actual or suspected exposure**, a medic/paramedic should always contact a doctor.

! QUESTIONS? MORE INFORMATION? UNSAFE WORKING CONDITIONS?

Your HSEQ Manager is there to help answer any questions and ensure a safe working environment for all.

**Work safely or
do not work at all!**
